**Comview Corporation Completes Cisco Systems, Inc. Unified Communications Manager  
Version 7.0 Compatibility Verification**

Huntington Station, NY – Comview Corporation, a leading provider of telecom cost management services, has announced that it has received the latest test results from Cisco Systems, Inc. confirming its compatibility with Cisco's Unified Communications Manager version 7.0. The Cisco Compatible logo signifies that Comview Corporation's Total Talk Management has undergone interoperability testing by Comview Corporation together with Cisco and an authorized IVT facility based on testing criteria set by Cisco. Comview Corporation remains solely responsible for the support and warranty of Total Talk Management.

Certification by Cisco assures all firms considering installation of Comview's Total Talk Management offering in conjunction with Cisco's Unified Communications Manager that all features of each system are compatible with the other. It is suggested that anytime a company is looking to install a telecom cost management service along with a Cisco System that they make sure the company is certified compatible by Cisco.

The Cisco Verification Program is a mutually beneficial relationship between Cisco and select vendors. John Perri, President of Comview Corporation states, "Cisco has an outstanding international reputation as a provider of communications solutions for companies of all types and sizes. We're very pleased to be working closely with them and know that their customers will benefit from this relationship and assurance of our compatibility."

**Comview Corporation**

Founded in 1997, Comview Corporation is a leading provider of telecom and cost management services. Comview takes the hassle out of telecommunications management by providing outsourced web-based Call Accounting, Comprehensive Audit, Web-based Wireless Management and related services. Comview saves its customers substantial day-to-day management time and reduces telecom operating expenses. Its services are used by major organizations throughout the U.S. and abroad.
