Headline: Comview Announces New CISCO Partnership

Huntington Station, NY-March 29, 2005-Comview Corporation, a premier call accounting and wireless device management provider, recently announced that they have been accepted into the Cisco Technology Developer Program. Comview is pleased to state that we are on target to complete certification testing with Cisco on their Call Manager product for both versions 4x and 5x by July 2006. Comview is currently working with numerous high profile Cisco accounts to provide best in class call accounting services.

This new partnership reaffirms Comview's dedication to providing superior customer service and a commitment to bringing proven solutions to corporate clients globally.

Comview Corporation (www.comviewcorp.com) provides usage management services to help companies better control and manage all telecommunications operating expenses. They provide cutting edge, cost-effective and customized solutions with their web-based Call Accounting, Tenant Billing Services, Telecom Audit, and Mobile Device Management programs.

To find out more about our strategic usage management services, please contact Ann Durbin at 414 442 0748 or e-mail her at amd@comviewcorp.com.
